

Field & Shop Heavy Equipment Mechanic

~Are you up for a challenge? Do you want a place to grow and advance? Join a team that appreciates self-starting problem solvers like you!

About Us:

Ditch Witch Mid-States is the authorized dealer for Ditch Witch, Hammerhead, Subsite and other leading lines of underground construction equipment. The contractors, utilities, governmental agencies that we serve install and repair pipe and cable underground.

About the Job:

Our team is searching for a construction / shop & field equipment mechanic for our Cranberry Township, PA location. We provide factory authorized training, certifications and room for growth. Specialty tools and service vehicle will be provided as needed.

Applications for entry-level positions will be strongly considered as well. If you have training or experience repairing equipment used in any of the following; construction, agricultural, material handling, automotive, or other types of mobile equipment, we would like to speak with you.

Ditch Witch Mid-States offers a competitive wage, profit sharing, medical insurance, paid life insurance and a 401(k) savings plan.

Job Requirements:

- Perform all duties in alignment with Ditch Witch Mid-States core mission, vision, values.
- Valid Driver's License
- Driving record acceptable to our insurance company
- Pass physical & drug screening
- Must have the capacity to travel (overnight at times)
- Able to lift 50+ lbs, proper lifting techniques required
- Attend formal technical training courses

Journeyman Skills/Qualifications:

- Knowledge of hydraulic systems, electrical systems, mechanical drives and diesel engines
- Basic torch and welding skills
- Basic computer skills
- Professional hand tool assortment
- Specialty tools and service vehicle will be provided as needed
- Current CDL is a plus, CDL will be required after 6 months
- Be able to pull a trailer

About Ditch Witch Mid-States:

Ditch Witch Mid-States is the premier source of construction equipment committed exclusively to helping underground professionals locate, install and rehabilitate pipe and cable underground. Our dedicated specialists live and work throughout the region, and are supported by full service branches in Columbus, OH, Cranberry Township, PA, Shepherdsville, KY and Lexington, KY. Local training and support, parts availability, reliable service and response, as well as new, used and rental equipment inventories all reflect a single-minded focus on the success of the underground construction professional. Ditch Witch Mid-States provides equal employment opportunities to all employees and applicants for employment without regard to race, color, religion, sex, national origin or ancestry.
